ROBOCUP SYMPOSIUM 2024

The 27th RoboCup International Symposium

CALL FOR PAPERS

JULY 22 2024
EVOLUON
EINDHOVEN
THE NETHERLANDS

We invite submissions of papers with innovative and original research in robotics and artificial intelligence. We encourage submissions of survey papers, as well as papers with theoretical and/or practical results. For authors, participation in the RoboCup competitions is not required.

In addition to the *regular track* with regular research papers, the *development track* encourages reports on innovative hardware developments, software frameworks, and open-source releases of software components and hardware designs.

TOPICS

- Robot Hardware and Software
- Perception and Action
- Education and Edutainment
- Robot Cognition and Learning
- Human-Robot Interaction
- Multi-Robot Systems
- Applications and Benchmarking

The submission deadline is January 30, 2024

Submissions are limited to 12 pages including references
