

Homework #5

Deadline: Monday, 11 December 2023, 19:00

Exercise 1 (10 points)

Write a detailed review of the paper draft submitted by one of the other groups. You will need to submit this twice: in plain text format via EasyChair (for the authors to see your review) and as a PDF via Canvas (to get feedback and a grade). For the latter, simply “print to file” (there is no need to include any additional formatting).

You need to sign up as a reviewer by Tuesday the 5th of December 2023 at 19:00 and you need to communicate your reviewing preferences (“bid”) by Thursday the 7th at 11:00. You will receive your review assignment shortly after that. Do not finalise your review until after the discussion on the topic of how to write a review we will be having on Friday the 8th.

This exercise will be graded with a 10 for every sincere attempt to provide a helpful review, and with a 1 in all other cases.
